

The Happenings virtually exploded onto the national charts in May of 1966 with their first single release, "See You In September". The song quickly spiraled up the charts to become an international #1 record throughout the entire summer. Most recently, Entertainment Magazine has listed "See You In September" in the top 100 summer songs of all time! The Happenings, continuing to become a major force in the music industry, soon released their next smash hit "Go Away Little Girl" and hugely successful album "Bye, Bye, So Long, Farewell". With Bob Miranda, the lead singer of The Happenings and the voice that literally spear-headed the group into international stardom, many great releases were to follow including the classic hits, "I Got Rhythm", "My Mammy", and a virtual treasure chest of hit albums!

Today the group is a powerhouse of nostalgia and as well as their own hits they also include the Beach Boys, the 4 Seasons, the Righteous Brothers and Neil Diamond. They have appeared on the Smothers Brothers Show and the Tonight Show eight times and have been nominated to the Vocal Group Hall of Fame. The Happenings have been a worldwide favorite for 40 years!

*"The incredible sound of The Happenings is as good today as it was in the 1960's."
- Richard Nader, one of the great concert promoters of all time*
